Counselors Invite Parents To AMS

This year for the first time the school counselors at Appomattox Middle School have invited parents to participate in their son's or daughter's individual career conference. The guidance counselors provide a career conference with each student in the school to discuss future plans, to review and revise the courses planned for the high school years, and to look over the permanent scholastic record. This year parents of eighth grade students had a special invitation to attend their child's individual career conference. Mrs. Bolling Carter, 8th grade counselor, has scheduled approximately forty parents for conferences with their children. The plan has been so well received this year, Mrs. Carter and Mr. Vic Meadows, 7th grade counselor, plan to continue and to expand the program next year.

If any 8th grade parent has not had a conference but would like one this year, please contact the guidance office for an appointment. (Phone: 352-2135)

The parent conferences are a part of the expanded guidance program provided for in the Title IV-C Career Guidance Project in the county school system.

SNAKE SHOW!!!

Wednesday, May 3, 1978 at 4 p.m. Campbell County Public Library in Rustburg is planning a **Snake Show!!** The program will be held at the Board of Supervisors Room, New Haberer Building directly behind the County Court House. Conducting the exhibit will be Professor Shirley Whitt, Biology Department, Lynchburg College.

The program is designed strictly for children, grades 3 through 8. It will include a boa constrictor, copperhead, rattlesnake, corn snake, mole snake, and a number of similar type snakes, most of which can be found in or around this area.

Too often we are misinformed about snakes and consider all snakes to be a threat, poisonous, or to be feared. Our program should prove to be interesting, informative, and we invite you to attend. Those interested in attending the **SNAKE SHOW** should call the Campbell County Library. This will give us some idea as to the number of people to expect.

Hurry and Call, or sign up as a group. We would like to welcome all children grades 3 through 8.

ASCS Today

Set-Aside Program Sign-Up Extension - The Set-Aside Program sign-up which is currently in effect has been extended. The sign-up period was originally due to terminate on May 1, but due to the extension it will now run through May 15, 1978.

As of last Friday there were 58 farms which had signed up under the program in Appomattox County. A good portion of the 58 sign-up farms had signed up within the last three weeks. I am in hopes that the sign-up will continue to go strong and that by the May 15 termination date there will have been a lot more to sign up.

There have been a lot of questions asked as to whether or not one should sign up in the program. By not participating in the program, farmers will be ineligible for the following:

1. Deficiency payments should they be warrented due to low prices.
2. Prevented planting benefits.
3. Low-yield payments in the event of disaster.
4. Price support on feed grains, wheat, oats, rye, and soybeans.
5. Participating in the grain reserve.

By not being eligible for the above benefits a farmer has no chance of receiving payments in 1978 due to drought, flood, low prices, etc. It's important to realize that for disasters in 1977, Appomattox farmers received over $130,000. Over 450 checks were issued for over 300 farms. In addition there were over 530 farms to receive deficiency payments on wheat and barley. None of these type benefits will be available to farmers in 1978 if they are not enrolled in the Set-Aside Program. It's also important to keep in mind that due to a recent change in the program, cash payments can be made for voluntary additional set-aside on feed grains. To be eligible for a cash payment, a farmer needs to set aside an additional 10 percent. The payment rate for corn is $.20 and for barley and grain sorghum it is $.12. To figure out how much a farmer is eligible for, the payment rate is multiplyed by the number of acres planted times the established yield for the farm. One half of the payment will be made at the time of the sign-up. An example for a corn payment would be: 10 acres planted x $.20 payment rate X71 bushel yeild = $142.00. The farmer would receive a $71.00 payment at the time of sign-up. Equally important to some farmers is the new wheat grazing and hay program. A farmer growing wheat may designate a specified acreage of wheat for grazing or cut immature for green chop, hay or silage and receive payment on this acreage. The payment rate is $.50. To figure out how much a farmer is eligible for under this provision, the payment rate is multiplied by the number of acres for hay or grazing times the established yield for the farm. An example would be: 15 acres for hay or grazing X $.50 payment rate X 42 bushel yield = $315.00. The farmer would receive $157.50 at the time of signup.

The program and the benefits should definitely be considered. Any questions that you have, the ASCS office will be glad to answer, and we will assist you in filing an application. The deadline for filing is now May 15.

Emergency Feed Program - The County Committee met last week and determined that the final date for submitting bills for reimbursement will be May 10. All farmers who have bills, please remember the May 10 deadline. Any bills submitted after the 10th will not be eligible for reimbursement.

Senior FFA Chapter Held Annual Banquet

The Appomattox Senior Chapter of Future Farmers of America held its annual Parent-Member Banquet on April 14th at the ACHS cafeteria. One hundred forty-six members, parents and guests attended the chicken bar-b-que dinner and program that followed.

FBLA Receives State Award

The Appomattox Chapter Future Business Leaders of America received the highest honor awarded on the state level in Richmond, Saturday, April 15, at the John Marshall Hotel.

The Honor Chapter award is given to honor the chapters that accumulate the most points for activities completed.

The activities that helped our chapter obtain this high award are: Project HELP - March of Dimes; Financial Project - Cherrydale Candy; School and Community Activities - needy family baskets; FBLA promotion - classroom bulletin boards; Building Skills and Knowledge - Competitive events at the Regional, State, and National levels; and Social - FBLA Banquet.

Also necessary for the honor is to have a well-balanced program of work for the year.

Our chapter attended many workshops which helped us win the award. These workshops included: the week-long Summer Leadership Workshop at Massanetta Springs in July and the Fall Officer's Planning Workshop at Longwood College in October. One of the most important steps in becoming an honor chapter is the Regional Meet at Longwood College in March. Our chapter faired well by being the runner-up chapter in the total number of winnings at the meet. The Appomattox Chapter placed 3rd in the Typing I and Business Communications events; 2nd in Parliamentary procedure; and 1st on Essay. We also received Superior ratings on the Bulletin Board, Exhibit, Yearbook, and Job Description Manual.

The Appomattox Delegation to the State Convention consisted of the following FBLA members: Nugene Harvey, Matt Ransom, Rita Ferguson, Rita Reynolds, Judy Ayers, Penny Cabiness, Sheryl Martin, Sharon Roach, Gail Doss and Theresa Watts.

Our year was capped off by winning 1st place on the state level for Sheryl's essay, "The Emerging World of Word Processing." Congratulations Appomattox FBLA'ers for a job well done!
